ABOUT US

Chanakya began its journey in 2015 with just four passionate CMA USA students and one clear goal – to redefine professional accounting education. What began as a small classroom dream quickly grew into a reputable institution known for its outcomes, mentorship, and student-centered approach. Over the years, our dedication to excellence has helped us grow from a small group of students to thousands of successful students.

In 2020, we expanded our reach with Virtual Chanakya, our dedicated online learning platform that provides world-class accounting education anytime, anywhere. Today, Virtual Chanakya builds on the same legacy, combining expert mentorship, interactive learning, and global exposure to help every learner achieve their professional goals.

I'm proud to be a CMA (USA) qualified professional, and I'm truly grateful to Chanakya business school for their outstanding guidance and support throughout my journey. The institute provided a well-structured study plan, quality materials, and regular mock exams that helped me stay confident and consistent. The faculty were incredibly supportive – always approachable, patient, and clear in their teaching. Their real-world examples and motivation made learning both engaging and effective. I sincerely appreciate the continuous encouragement from the entire team, which played a major role in helping me clear both parts successfully.

INSIGHTS FROM THE FOUNDER'S DESK

Mr. Ajeesh V
Founder & MD

Chanakya began with a clear goal: to make global qualifications such as CMA USA, EA and ACCA available to all aspiring students. Over the years, our students have excelled at top corporations and accounting firms. Their achievements motivate us to continue raising the bar in finance education.

Mr. Akhil Manohar
CFO

We built Chanakya to give students more than just a course. We offer them opportunities. With demo sessions, exam retake benefits, scholarships, and a student-first system, they will never feel lost or unsupported. Every advantage is thoughtfully designed to support and empower their journey.

Mrs. Anjani Ajeesh
COO

Chanakya is more than just an institution; it is a dynamic ecosystem of growth and opportunity. We guide, support, and encourage students to push themselves beyond their comfort zones. Your ambition, combined with our guidance, creates a formidable force.
